The 'Trusted Psychics' Service

We are an UK based company offering our Psychic, Tarot, Medium and Angel Card services throughout Australia, USA, Canada, UK and other parts of the world.

We work slightly differently from other companies, as we offer our customers the cheapest rates to call our service. Currently, in the UK we only charge 46p per minute which is substantially lower than our competitors. This means that more consumers are able to afford our service, which means there are a lot more calls for you to answer! We are always evolving, and we have other brands that

run alongside Trusted Psychics. We do this to ensure that our services are fresh, up to date and what our callers really want.

What are the requirements?

To become a Reader with LiveLines UK, you must be over 18 years old. You must have a **good telephone manner** that is compassionate and friendly and also have a Spiritual ability.

Currently we can send calls to the following countries:

UK: You must have a UK Landline or a mobile phone

USA: You must either have a landline or cell phone

Australia: You must have a landline

Canada: You must have a landline

Other countries: We can send you calls through Skype or your chosen VOIP provider. To do this, you need to purchase a **UK landline 01 or 02 number** through Skype or your alternative VOIP provider. Once we have your Skype or VOIP telephone number, we can then send you calls. To take calls on Skype, you will need to have a very good broadband connection, with excellent quality headphones and microphone.

When should I work?

It is completely up to you! We receive calls 24 hours a day, 7 days a week. You can log on whenever you are free to take calls. The more log on hours you do, the more calls you will receive and the more money you will make. Your regular callers will want to get back through to you, so it is best to do as many log on hours as you can. At all hours of the day and night, we're very busy. You will find the best times to log on for yourself personally, that work around your personal life.

Designated Shift

During your training, we will ask you if you can do an **"Designated Shift."** This shift is **only once a week** and you can choose from the following allocated shifts:

Night Shift: 12-6am

Split Night Shift: 10pm-1am (twice a week)

Morning Shift: 6am-12pm

Weekend afternoon shift: 12pm-6pm

(Every week we have an updated list of Designated Shifts available. You can request to see the other designated shifts, when we set you up for training. There may be more suitable designated shifts for you in this list.)

We ask you to do 1 x designated shift a week because we are so busy during the designated shift times. It helps us to cover the calls better, so that in turn we receive **more calls overall**. If you cannot do a designated shift, please inform us when we set you up for your telephone training.

Important Information on how to take calls on our service

To receive calls, you need to be **'Logged on'** - how to log on is explained below:

The Log on Line explained – How to log on and take calls

- To log on for calls please call the **"Log on Number"** You will be given this number during your training session.
- Enter your PIN and PASS number when prompted
- You will then hear a management message, please press the "hash" key if you would like to skip this.
- Then press **option 1 to Log On**. Once you've pressed option 1 the system will tell you that, **"You are now logged on."**

- You then end the call, and you will start to receive calls shortly.

You can also log on/off using the Online Portal. We will provide you with these details when we set you up for automated training.

The Log on Line explained – How to log off & stop receiving calls

- When you want to stop taking calls please dial the **"Log on Number"**
- Enter your PIN and PASS number when prompted ➤ Then press **option 1 to Log Off**.
- Once you have pressed option 1, the system will tell you that, **"You are now logged off."**
- You then end the call, and the calls will stop coming through.

Once you are logged on the phone will ring, please answer the phone and enter your PIN number when the service asks you to. Once you have entered your PIN number the system will tell you that this is a psychic/tarot call – all calls come through on the same group. After this, the service will connect you live to the caller.

When you are logged on, you must answer every call that we send to you.

Also, your phone line must not be engaged with personal calls.

The Introduction Message

You need to record a front introduction message that is around 50-60 seconds long. The introduction message is what the callers will hear when you are logged on. Your introduction message should include the following.

- ✓ Your reader name (you can choose any name you'd like to)
- ✓ What your spiritual abilities are
- ✓ Your experience with conducting readings
- ✓ If you specialize in any particular area, such as love and relationships
- ✓ A brief summary of your character. For example, are you, non-judgemental, compassionate etc...?

When you've completed your automated training, we will email you some example messages to help you with your own message.

How to record your message:

- Dial the Log On number
- Enter your PIN & PASS details
- The service will inform you that you have not yet recorded a message.
- When the service asks for the group number please [press 1](#).
- Record your message and select option 3 to save the message when you have finished.

[Please remember to select option 3 at the end of your message, to save the message.](#)

Once your message has been recorded, we will verify it. Once it is verified, a Supervisor will contact you and let you know you can start taking calls. This is a great time to ask any questions. Our Supervisors have all taken calls and know how to take great calls.

Your On-line Profile

With an on-line profile, you will receive a lot more calls. It is important that you have this profile. After your training we will email you 5 set questions to answer. With your responses, we will upload your profile to all of our websites. You can then see your profile on our main website

<https://www.trusted-psychics.co.uk/all-live-readers>

You can find more information on the profile creation here: <https://LiveLines.kayako.com/article/32-psychic-tarot-online-profile>

[You do not need to send us a photo for your profile as we can use a stock photo; however, callers like to connect to readers with real photos as it makes the connection feel more genuine.](#)

Due to regulations, you cannot use the following words in your on-line profile:
ACCURATE, HONEST, TRUSTWORTHY, HELP & CHANGE YOUR LIFE STATEMENTS.

Important things to remember when taking calls

- All calls must be answered within **three** rings of your phone, **two rings** if you live outside of the UK.
- Your phone must not be **engaged** whilst you are logged on.
- You must not miss calls whilst you are logged on.
- Please try to make and receive personal calls when you are logged off.
- Our system will tell us if you have missed calls when you are logged on, if you miss calls, the service will log you off.
- You must not have **call waiting, ring back service, withheld call barring, call guardian, or any voicemail service** on your phone line whilst you are logged on. These services normally stay on your line permanently so you must call your Service Provider and ask for them to be removed, this usually take 1-2 days to complete.
- All calls are recorded in compliance with the 'Phone-Paid Services Authority' code of practice. Your personal details are kept completely confidential always. No-one, except management have access to your voice recordings.
- LiveLines UK Ltd is registered with the Data Protection Act (1998) and your personal data is kept private and in compliance with the Act. All your details are kept completely confidential at all times.
- If your PIN or PASS number is inactive for 20 days, we will remove your account from the service. If this happens, and you would like to return, please contact us.
- Never hang up on a caller or stop speaking to a caller if the caller has not done anything wrong. All our customers are paying customers and hanging up on callers, causes a lot of complaints.

We are licensed by the Phone-Paid Services Authority, the regulator for Premium Rate Phone services. We must adhere to certain regulations whilst taking calls and they are listed below. If you do not fully understand the regulations, then you must speak to the support team before you start to take calls. We listen to calls to ensure that regulations are being met by all operators.

The Regulations

Regulation Notice:

When you receive your telephone training, we will inform you of the regulations again. If you have to terminate a call, due to regulations please say to the caller, "I am terminating this call, because" You then give a short reason and put the phone down.

Please note whilst taking a tarot, psychic or medium call you must not read on health-related issues (includes pregnancy), legal issues and any in-depth financial issues that require specialist advice. We are providing an entertainment service (by law) and want to make the caller feel at ease, at all times. If a customer requests one of the above types of readings, please politely say that, "We are not allowed to read on that subject, due to the regulations. Would you like me to look into a different area for you?"

Personal Details & Meeting:

Never give a caller any of your personal details, it doesn't matter how genuine the caller sounds. The same applies to the caller; you must not agree to ring him on his personal phone, agree to meet with him or take down any of his personal details.

Do not give callers any telephone numbers or website addresses on the call, this includes your own or another Premium Rate Number.

If a caller has a complaint, they can email: payments@livelinesuk.com

Underage Callers:

If you think that a caller sounds under the age of 18 years old, please ask for their Date of Birth. If they get the date wrong, hesitate or you still have any suspicions, please terminate the call.

Underage callers are obvious, and we must not prolong these callers in any circumstances.

Silent Callers:

You may receive some callers that will not speak on the phone. We have around 30 seconds from the start of the call to try and get them to speak to us. If the caller does not say anything then we must terminate the call. We must do this as the caller may be under the age of 18 years old.

Caller not paying for a call or using a stolen phone:

If a caller informs you that he is using a stolen phone or that he is using someone's phone without their permission, we must terminate the call immediately.

Subjects to be avoided.....

- Encourage or incite the caller to commit a criminal offence.
- Cause a grave offence by reason of sexual or violent content.
- Induce or promote racial disharmony.
- Encourage, incite or suggest to any caller the use of harmful substances
- Induce an unacceptable sense of fear or anxiety.
- Result in any unreasonable invasion of privacy.
- Misled any person with respect to the content or cost of the service being offered.
- Sexual entertainment services must not contain any reference to involvement of persons under the age of 18 at any time.
- Any illegal subjects

These regulations may seem a bit daunting, but we will go through these with you. Terminating a call is quite rare as all the callers know that the calls are recorded.

✓ You cannot give readings on the following topics: Health (including pregnancy) legal advice or any advice that requires a qualification or specialist advice.
